Who we are

K!nd4SUS at a glance

The University of Milan cybersecurity and Capture The Flag team.

Founded by students who met through CyberChallenge.IT, K!nd4SUS brings together beginners, experienced players, teachers, and event organizers. The group became an official UniMi Student Group in 2024.

The K!ND4SUS logo, featuring the text 'K!ND4SUS' in a stylized, blocky font with a blue-to-white gradient, set against a dark blue background.

National final

Courses and recurring meetings

Accessible entry points and specialist practice

Basics of Ethical Hacking

Evening online course using a CTF-style practice platform. The 2025/26 edition recorded 70+ registrations and included an optional project.

Weekly Discord meetings complement these courses with challenge solving, discussion, and competition preparation.

Low Level Nights

Weekly meetings dedicated to binary exploitation, reverse engineering, hardware hacking, and related topics.
